**Celsius Bankruptcy - Custody Clawback Threshold Forfeit Request**

To whom this concerns,

This letter is written to request that a clause be added to the settlement that allows custody holders to forfeit any value amount they choose to bring their settlement under the \$100,000 threshold.

The benefit of this clause is to protect those who are just over the arbitrary \$100,000 threshold.

For example, if a customer had \$100,100 in custody, this letter hopes that language can be added so that the customer can forfeit their \$100 to retain their remaining balance, rather than lose 27.5%.

I believe this is the fairest way to handle the arbitrary threshold if clawbacks are in fact going to happen.

Sincerely,
